Dr. B. A. Elzas who spent a couple of days in Manning this week gave us a delightful call, and it is an honor to be counted to sit in the presence of a man of such culture and listen to his conversation. Dr. Elzas is not only the Rabbi of the leading Jewish congregation of Charleston, but he is regarded one of the leading rabbis of the U. S. and too, he stands with the highest as a man of letters. He gives a great deal of his time to literature, and his writings are always in demand from the leading literary magazines. Besides being a literary man of exceedingly high order, he is a graduate of medicine, and one of the best doctors in the South. We appreciate the doctor's call and hope he will visit Manning again.

The Northeastern conference of the A. M. E. church which adjourned last Sunday night was largely attended, and most of the preachers went to Sumter Monday morning to attend the funeral of Rev. J. C. Williams, a former pastor of the Manning church. We had arranged with Rev. D. M. McGill, pastor of the Manning A. M. E. church to publish a good report of the conference proceedings, but the person failed to bring in the matter. Sunday morning Bishop L. J. Coppin preached to a large congregation, it was an overflowed house, many were unable to get in, side at all. There were in the gallery several white citizens. Bishop Coppin preached a very forceful sermon, teeming with wholesome advice to the ministry; at times he was very eloquent and displayed magnificent oratorical ability. He is a strong man, a man of education and travel. His sermon was a treat.

In our report of the mass meeting, held last week, referring to the tax on bonds for the new court house, our mathematics got out of joint we should have said that an additional tax of two mills would be 20 cents on an assessed valuation of \$100, and \$2 on an assessed valuation of \$1000. In our judgment it will not be necessary to levy for court house bonds more than one mill, because the present total assessed valuation of real estate, railroads and personal property is \$2,718,395. The interest on \$600,000 bonds at 5 per cent is \$3000, thus leaving a surplus of \$18.39 to go into a sinking fund each year, and this can be put at interest, so at the end of 40 years, the surplus together with the accrued interest will aid very much in liquidating the bonds. In forty years the surplus without interest will amount to \$28,743.60, and too it must be remembered that as the years roll on property values increase, and as this increase comes the surplus becomes larger making the interest earning of the surplus more and more to the end that when the bonds become due the earned interest with the surplus will cancelled the entire debt. So our readers will see that Clarendon can have a safe, comfortable, and a court house worthy of her citizenship at a cost that virtually amounts to nothing. Think of it! A man who has his property assessed at \$100 contributing 10 cents a year for a building that will keep his land records safe, and even if he is ever drawn on a jury, he will be comfortable.

Revival Services at the Presbyterian Church.

There was preaching, both morning and night, every day during last week in the Presbyterian Church of this place, beginning Sunday morning, Dec. 1 and ending with the night service Dec. 8. The pastor, Rev. A. R. Woodson, did all the preaching, with the exception of one sermon by Rev. L. R. Grier, of Greenville, Monday night, who was passing through the city and was prevailed upon to stop and preach on that occasion Mr. Woodson had invited some six or seven outside pastors to assist in the meetings, but all having good excuses for not responding, the entire duty of preaching was thrown upon him. The prevalent notion that church cannot have a successful "big meeting" without the presence of a hired evangelist produced no depressing effect on his ardor. For Presbyterians believe that it is not by "might nor by power" but by the Spirit of God that sinners are converted, and that all things belong to work together for good to them that believe that "the foolishness of God is wiser than men, and the weakness of God is stronger than men" the results of the meeting justified his faith.

The weather was quite cold up to Saturday, and it was with much difficulty that the church building could be made comfortable, yet at every service good audiences of ardent and interested hearers were present. Saturday morning a special service for children was held at the church. A number of young people attended Sunday morning, and the Lord's Supper was privately administered to the children.

## The People are Thinking.

Special to The Manning Times:

At a meeting of The Trinity Literary Society on last night, after the program was carried out, we had a discussion of current events.

The article in THE TIMES relative to the mass meeting which was held at Manning on December 2nd was read. After some discussion of the above named article it was decided that a committee should be appointed to write the editor of THE TIMES informing him that the Trinity Literary Society was not represented at that meeting.

Now Mr. Editor, you stated in your article about the mass meeting that there was a representative body of the people of Clarendon county. We know Mr. Editor that you are or ought to be a good judge of what would constitute a representative body of our county's people. We are very much grieved to have so competent a judge as Senator Appelt state that our people are not able in presence order in a public meeting, especially when they had one familiar with parliamentary tactics as their chairman. The people of the Fork section of our county flatter themselves that they are an orderly, not to say courteous people, and we would like to think the people of Summerton and other sections of our county were the same.

We are glad that the mass meeting agreed itself in favor of repealing the law, we think this a step in the right direction.

Now if we bond our county to build a court house let's have it done properly. Sometime back we had a fine prof vault but to preserve the county's records. Now we understand that this vault is not fire proof as was a p. d. We don't want to make another mistake of this kind in the construction of our new court house.

The writer is sorry not to have been present at the mass meeting on the 2nd.

R. D. WHITE, Chairman Com.

After the Bazaar.

Editor The Manning Times:

Please allow me space in your paper to express our sincere appreciation for the help given us by your paper and the merchants and citizens of Clarendon County and elsewhere to toward making our "big bazaar" a success, we are proud to say all our efforts toward giving the visitors a pleasant time while visiting us, were apparently far from being a failure, the many attractions and made of entertainments were carried out even better than we expected, for our people of Sardinia layed aside all other work and turned out in mass to work in the cause. Mr. Kennedy of the Cable Piano Co. furnished us with two pianos, and this with the string band furnished us with music for the three days.

On Friday evening the young people were given a dance in the school building.

Miss Lottie Woods was crowned Queen at the bazaar and presented with a gold ring, given us by Mr. Venning of Manning, we had twelve barbecues for the occasion, one being given by Mr. Frank Herrington of Brewington.

Our bargain counters, dining-room auction sales and other schemes of separating the benevolent public from their coin which amounted to about \$500.
